The Spring Membership Meeting of the TH&B Historical Society will be held at the HOMES Model Railway Club and Museum located at the Eva Rothwell Resource Centre, 460 Wentworth Street North, Hamilton, Ontario. The 1500 square foot HO Scale layout operates prototypically scheduled trains on the 1954 era TH&B Railway, interchanging with Canadian National, Canadian Pacific and New York Central on the Canada Southern. The railway features Digitrax DCC throttles, JMRI car forwarding/manifests, 4:1 speed fast clocks and radio communications. Brandon Bayer will have a presentation about the planning process of this layout and Ray Hoadley will have a presentation about Steel Mills in Hamilton, focusing on the TH&B.
